 14:00 - 18:00 **Sections** (Buildings A and B)
 18:00 – 18:10 **Closing ceremony**
Bujdosó Zoltán Campus Director, Vice Rector for Campuses
 Károly Róbert Campus, Gyöngyös of Eszterházy Károly University

9 April, 2020 (Thursday)

The Conference is integrated into the programmes of the International Week of the University. Information about the event is available here: <https://uni-eszterhazy.hu/en/ekf-college/incoming-staff/international-week-2020>

The programmes of the Conference and those of the International Week will be held at the same time, however they will be independent from each other. Registration for the two events is separated. If you are interested, as a Conference delegate, you may register for the programmes of the International Week even after the deadline stated on the website.

The Aim of the Conference

Two decades into the 21st century, we still do not seem to be closer to finding the answers to the challenges identified at the turn of the millennium despite the high hopes we had for the fourth industrial revolution. On the contrary, experts say we have arrived at a critical point – if we do not take significant steps within ten years, we will live in a chaotic world. We already know that environmental challenges are not independent from economic or social problems, and they occur on a global scale. Thus, our actions need to be far more concerted, far more effective and most importantly global. According to some experts, our greatest problem is that we are trying to tackle the challenges of the 21st century using a 19th century mindset and 20th century solutions. We need 21st century solutions.

This year, we are inviting Hungarian and international professionals to exchange opinions and find answers to these problems within the frameworks of the 17th International Scientific Days in Gyöngyös. With a history of three decades, our biannual Conference awaits professionals from environmental, economic and social fields to share their scientific findings with other participants. As part of our long-established tradition, all the talks presented will be included in the Conference publication.

Planned sections

Sections for presentations:

1. Sustainable agriculture, food economy
2. Sustainable society
3. Sustainable regional development
4. Knowledge services and knowledge management
5. Innovation and competitive businesses
6. Education, human resources
7. Section(s) in foreign language(s)
8. Other (determined on the basis of the papers submitted)

Poster section

Talks and posters

One participation fee entitles a participant for two publications (where the participant is the first author): either two presentations, or one presentation and one poster, or two posters. Payment must be made under the name of the first author in each case.

In case of too many registrations, the organisers reserve the right to provide opportunities only for presentations and posters closely connected to the given topics. In that case, the Scientific Council and the chairs of the sections will be asked to make recommendations concerning the topics to be presented in the sections or in the poster section, and also concerning possible rejections.

In the poster section of the conference, uniform poster panels (size: B1, 700x1000mm) will be provided.

The presentations and posters are to be proof-read by the Scientific Council. Papers of no more than 8 pages meeting the content and format requirements will be arranged into topics and published in an electronic publication edited as a book, with an ISBN number.

Based on the recommendation of the Scientific Committee, outstanding papers will be invited for publication in the journals 'A Falu', the 'Journal of Central European Green Innovation' and 'Acta Carolus Robertus', as well as 'Ecocycles'.

Languages of the Conference: Hungarian and English; as well as German in certain sections

Venue of the Conference:

**ESZTERHÁZY KÁROLY EGYETEM GYÖNGYÖSI KÁROLY RÓBERT CAMPUS
3200 Gyöngyös, Mátrai út 36.
Hungary**

Fees of services available for participants:

CONFERENCE PARTICIPATION – 8 APRIL, 2020**Participation (with presentation or poster): HUF19,000/person**

(The fee includes the conference publication and abstract book downloadable from the website, the programme booklet, coffee vouchers, a conference gift bag and lunch.)
